Mobile Solutions for Businesses

Because convenience and flexibility are important in today's fast-paced business world, Vector Security® offers the freedom of managing your security from your computer or smartphone.

By downloading free apps onto your smartphone or by using your computer, you can:

- Control your security system, including arming and disarming, so you can protect your business no matter where you are.
- Create automatic arming schedules that fit your operating hours so you don't have to wonder whether your system is armed, or worry about accidentally triggering an alarm.
- View activity reports that let you know if doors, windows, stockrooms, safes, etc. have been accessed.
- **Monitor video** of your business with cameras installed at your property. Watch live video or recorded clips, set up motion-triggered recordings, get real-time alerts.
- Lower your energy bills by controlling lights, thermostats and locks wherever you may be.

Enjoy a new level of control and convenience with our mobile security solutions.
