# Interactive Home Security Solutions

Alarm.com is a revolutionary wireless service that enables you to always know what's happening at home. With alert notifications and state of the art services like video monitoring, interactive security, thermostat adjustment and customized light control, you'll have confidence knowing that the people and things you love will stay safe.

## Stay Secure

**Dedicated Wireless Connectivity** – Stay protected and connected, even if the phone line is cut, the Internet is disconnected or the power goes out.

**Exclusive Crash & Smash Protection** – Rest assured with patented technology that protects you even if an intruder destroys your security panel.

**2-Way Emergency Voice** – Communicate directly with first responders through the security panel in the event of an emergency.

**Severe Weather Alerts** – Get advance notification of threatening tornadoes, tsunamis or fires.

**Image Sensor** – Get an instant look into your home while you're away with this breakthrough product.

## See What's Happening

**Live Video** – View activity when a door opens or if a motion sensor is triggered in your home.

**Image Alerts** – Set rules to receive pictures of activity that matters most to you.

**HD Cameras** – Access crystal clear video streams, day or night, indoors or out.

## Stay Connected

**Interactive Services** – Know what's happening at your home when you're at work, across town, or around the world.

**Customize Your System** – Create individual user access codes, set-up email, text, or image alerts to see who is coming or going, and more.

**Know Now** – Receive alerts when alarms are triggered, doors open, the power goes out or when any other event that's important to you occurs.

**Remote Control** – Arm or disarm your system, control lights, locks and thermostats no matter where you are.

**Full Suite of Mobile Apps** – Free, easy to use apps for nearly any mobile device.

## Automate Your Environment

**Smart Energy Management** – Set energy saving schedules based on the exact activity patterns in your home every day of the week.

**Lights and Thermostat Control** – Set schedules to regulate lights, locks and thermostats to match your lifestyle and activity.

**Intelligent Automation** – Enjoy light schedules that adjust automatically with seasons and time changes.

**Keyless Entry** – Lock and unlock doors through the free mobile app and leave your keys behind.
